COL. JAKE MOORE Suffered Twenty Years with Indigestion and was Cured by Kodol Dyspepsia Cure.

RECOMMENDS KODOL

Hon. Jake Moore, one of the best known men in the south, and who is connected with the board of pardons for the state of Georgia, writes an interesting letter in which he recommends Kodol Dyspepsia Cure, because it cured him when he thought his case was incurable. Read what he says:

Office of the Prison Commission of Georgia.

Atlanta, Aug. 10, 1904.

"I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. My heart would beat so fast I could not sleep, at times I would almost draw double with pain at pit of my stomach. I lost twenty-five pounds; in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol Dyspepsia Cure. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly and write this hoping that humanity will be benefited."

Kodol Dyspepsia Cure is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains, in assimilative form, the greatest known tonic and reconstructive properties. All other digestants and dyspepsia remedies digest certain classes of food only, and are lacking in reconstructive properties.

Nature is willing that perfect digestion should be maintained, and a grateful stomach sweetly responds with growing appetite to the strengthening effect of Kodol upon the digestive organs. Kodol relieves instantly and cures permanently indigestion, Dyspepsia, Sour Stomach, Weak Stomach, Gas on Stomach, Belching, Puffed Stomach, Catarrh of the Stomach and All Stomach troubles that are curable.

Kodol Dyspepsia Cure is prepared at the laboratory of E. C. DeWitt & Co., Chicago, and is sold by leading druggists everywhere.

A third baseman named Durand of St. Louis has been signed by Secretary Zimbro. He played with Toledo in the American Association last season and bought his own release from that club. He fielded well and batted in the association. It is thought he will be able to hit better in this league than he did in the larger one.

Outfielder Arthur Long has written Secretary Zimbro asking the privilege of reporting April 7 instead of the fourth. He thinks he will need the extra three days to wind up his business affairs in Bagdad before coming to play ball for the entire season. The request has been granted.—Henderson Gleaner.

The usual bunch of knocks from surrounding towns and cities are now being put in on the Princeton ball team. Even before the players are called together prophecies are made that the team will not hold until the Fourth of July. The association has money enough to finish the season in first class shape even if there should not be any attendance here at all, which will not be the case.—Princeton Democrat.

This afternoon the second exhibition game between the Indians and Toledoans will be played at Wallace park grounds.

Sunday the Toledo boys defeated the Indians by a score of 10 to 1, but this was the first time the Indians had been together. Several were stiff from riding on trains and without practice, but the past few days have been working together and are in better trim. They will give the American Association team a hard fight.

Eddie Brahe, the Paducah catcher, has received an offer from the Cherokee Indians, a team he played with last year several weeks. Brahe made good last year with this team but the work was too hard and he had to quit. They want him back and made a liberal offer. He will probably accept.

The world is a dark place to the man whose eyes are in his pocket.

Theatrical Notes

The Four Cohans' big success Geo. M. Cohan's musical comedy, "Running for Office," will be presented by the author and Sam H. Harris, at The Kentucky tonight. For brilliant, catchy and tuneful airs, Mr. Cohan holds the first premium among the American song writers. In "Running for Office," his successful efforts are "The Football Girls," "Sweet Popularity," "They are Hypnotized," "Kid Days," "Root for Riley," "Flirtation

on the Beach," "I Want to go to Parnassus, Papa," "If I were only Mr. Morgan," "I'll be There at the Public Square," "Reubens on Parade," and others, all of which have caught the public fancy. New costumes are worn and surpass the most ambitious efforts of the usual musical comedies. The company is a large and excellent one and every effort has been made by the new firm to carry out the reputation established by the popular family, of which the author is a member.

No popular priced organization now touring the south has gained such wide-spread popularity as The Miller-Bryan Co., which will be seen at the Kentucky theater for two nights and two matinees, commencing with a matinee performance on Thursday, March 30. This is the fifth consecutive season of prosperity for The Miller-Bryan Co. and each season they gain a host of new friends in every city visited. The offering for Thursday's matinee will be the sensational comedy drama, The Irish Detective, and Thursday night, Grit, The Newsboy, will be seen for the first time in this city. Several clever specialties will be introduced between acts.

On Thursday night ladies will be admitted free, if tickets are purchased before 5 p. m. Seats are now on sale.

Summer Terrors

Acne, Tetter Eczema Salt Rheum Psoriasis Nettle Rash

An itching, burning skin disease during the hot, sultry summer weather, is a positive terror and a veritable demon of discomfort. The intolerable itching and stinging are tantalizing almost beyond endurance, and the unsightly eruption and rough, red skin keep one thoroughly uncomfortable and miserable night and day. Eczema, Tetter, and diseases of this type are caused by acid poisons in the blood, which the heat of summer seems to warm into life and renewed activity. These fiery acids keep the blood in a riotous and sour condition, and the skin unhealthy and feverish—they inflame the pores and retard perspiration, when the whole body feels like an over-heated furnace, and the escaping poison burns

TORMENTING ECZEMA.

KANSAS CITY, Mo., May, 1898.
In 1896 I experienced at times patches on the inside of my hands that itched and burned, causing much discomfort. As time went by it grew worse. I had read medicine in my early twenties (now 50 years of age) and was convinced that I was afflicted with a type of Eczema. I consulted several physicians and a number of specialists, and used several external applications, one of which was claimed to be a certain specific. I confess, however, I had but little faith in external applications, yet I used them, receiving but slight temporary relief. In February I decided to try S. S. S., and in less than a month I experienced a change for the better, and by May of that year all symptoms had disappeared, and I found myself entirely cured, and have had no return of the disease since.

or check the outflow of the burning fluids through the skin. Only persistent and faithful constitutional treatment can do this. The acid poison in the blood, which is the real cause of the eruption, must be attacked, and when the blood has been cleared of all accumulated impurities and restored to a healthy condition, then, and only then, will a thorough and lasting cure be effected, and for the accomplishment of all this, no remedy equals S. S. S., which contains all requirements for cleansing and building up the acid blood, and invigorating and toning up the system. S. S. S. completely and permanently eradicates every vestige of poison, thus effectually preventing a fresh outbreak of the disease.

Cases that have resisted ordinary treatment for years, yield to the purifying, cooling effects of S. S. S. upon the blood, and when rich, pure blood is again circulating through the system, the itching and stinging cease, the eruption disappears, and the red, rough skin becomes soft and smooth again.

Skin diseases appear in various forms—sometimes in pustules or blisters, sores, rashes, or red, disfiguring bumps and pimples—but all are caused by a bad condition of the blood, and for which S. S. S. is a safe and effectual cure. No bad effects can come from its use, because it contains no Arsenic, Potash or other harmful drugs, but is guaranteed a strictly vegetable remedy.

If you are a sufferer from some summer terror like Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Nettle Rash or kindred disease, write us about it, and medical advice or any special information wanted will be given without charge.

Our Book on Skin Diseases will be sent free to all desiring it.

Tim Murphy offers a superb production for his new comedy "When a Man Marries," which will be seen at the Kentucky theater on Saturday night, with this always entertaining comedian in a role that is the most congenial to his peculiar ability. The costumes worn by the ladies are all model dresses sent to this country and represent the new styles of the present as displayed in Paris and New York. Tim Murphy has made one of the greatest successes of his career in "When a Man Marries" and is coming to us supported by a splendid company, including artistic Dorothy Sherrod in an excellent role.

"Shore Acres" has been played upwards of twenty-five hundred times in this country, and is universally recognized as the greatest pastoral play ever written for the English-speaking stage. It is strange, but true, that this interesting comedy-drama was offered to every well known theatrical manager in America, and, while a number of them thought "Shore Acres" a fairly good play, they did not care to risk any money in its production. All this happened over ten years ago, and since then these astute purveyors of the drama annually count up the fortunes they might have earned with this charming idyl of American home life. In speaking of "Shore Acres," the Rev. Lyman Abbott said sometime ago: "If there were more such wholesome plays as 'Shore Acres' the wholesale denunciation of the stage by the pulpit could not long survive." The play is underlined for presentation at the Kentucky Monday night.

A Dollar's Worth Free To An Rheumatic Sufferer

I ask no deposit—no reference—no security. There is nothing to risk—nothing to promise—nothing to pay, either now or later. Any Rheumatic sufferer who does not know my remedy may have a full dollar's worth free to try.

I willingly make this liberal offer because I know that Dr. Shoop's Rheumatic Remedy may be relied upon ALWAYS to bring the utmost relief that medicine can. Years before I discovered this remedy, I studied the nature of Rheumatism. For Rheumatism is really

Crystallized Poison!
Your blood is always full of poison—the poison you eat and drink and breathe into your system. It is the purpose of the blood to absorb and carry off this poison. And the kidneys, which are the blood filters, are expected to cleanse the blood and send it back through the system clean to gather more poison which, they, in turn, will eliminate.

But sometimes the kidneys fail. And sometimes, from some other cause, the blood gets so full of poison that they cannot absorb it all. This is the start of Rheumatism. The poison accumulates and crystallizes. The crystals look like little grains of sugar or of fine white sand. The blood carries them and they increase in size. Then, when it can carry them no longer, it deposits them in a joint—on a bone—anywhere.

The twinge in your leg—the dull ache in your arm on a rainy day—these are the outward signs of the unseen crystals. And the twisted limbs and unspeakable anguish of the sufferer who has allowed his symptoms to go unheeded and unattended for years—these are the evidences of what Rheumatism neglected, can do.

Rheumatism includes lumbago, sciatica, neuralgia, gout—for all these are the results of rheumatic poison in the blood.

Plainly, the first thing to do is to remove the poison. But this is not enough. The FORMATION of the poison must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed. Unless this is done, there can be no cure—no permanent relief.

I searched the whole earth for a specific for Rheumatism—something that I or any physician could feel safe in prescribing—something that we mild cases are sometimes cured by a thousand drug

could count on not only occasionally, but ALWAYS. For the ravages of Rheumatism are everywhere and genuine relief is rare.

I spent twenty years in experimenting before I felt satisfied that I had a certain remedy for this dread disease—a remedy which would not only clean out the poison, but one which would stop its formation.

Certain Relief.
The secret lay in a wonderful chemical I found in Germany. When I found this chemical, I knew that I could make a Rheumatic cure that would be practically certain. But even then, before I made an announcement—before I was willing to put my name on it—I made more than 2,000 tests! And my failures were but 2 per cent.

This German chemical is not the only ingredient I use in Dr. Shoop's Rheumatic Cure—but it made the remedy possible—made it possible an achievement which, I doubt not, could have been made in no other way.

This chemical was very expensive. The duty, too, was high. In all it cost me \$4.90 per pound. But what is \$4.90 per pound for a REAL remedy for the world's most painful disease—for a REAL relief from the greatest torture human beings know?

I don't mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again—that is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of the pain and swelling—the end of the suffering—the end of Rheumatism. That is why I can afford to make this liberal offer—that is why I can afford to send the FIRST dollar that Rheumatic sufferers, the world over, may learn of my remedy.

Simply Write Me.
The offer is open to everyone, who has not tried my remedy. But you must write ME for the free dollar package order. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized package and he will send the bill to me. There are no conditions—no requirements. All that I ask you to do is to write—write today. I will send you my book on Rheumatism, beside. It is free. It will help you to understand your case. NEGRO MARAUDER VISITS WEST END

Was Shot At One Time But
Not Hit.

Broke Into Homes of Attorney G. C. Duguid, Dr. W. H. Pitcher and Dr. R. L. Bradley.

IS A YOUNG YELLOW NEGRO

A negro burglar visited several residences on West Broadway last night and secured about \$50 in cash was shot at and was one time caught "red-handed with the goods," but managed to make his escape.

This morning about 1 o'clock Miss Ruth Duguid, the daughter of Attorney G. C. Duguid, of 2300 Broadway, heard noises about the house. She paid no particular attention to them, but finally heard some one working with a window at the head of her bed. She raised her head in time to see the curtain pushed back and a yellow face thrust through the window. Miss Duguid screamed and ran into the room occupied by her parents, notifying them of the attempt at house breaking.

Attorney Duguid secured his shotgun and went out front just in time to see the negro running down the street. He fired one shot without effect, the negro escaping in the darkness.

A burglar, possibly the same one, also entered the residence of Dr. R. L. Bradley, at 2406 Broadway and made the only haul at this place, securing about \$50 in cash.

Mrs. Bradley stated this morning that the burglar made no noise, none of the family awaking, but thinks the burglar must have been committed between 1 and 3 o'clock. Entrance was gained through a front window and the trouser pockets of Dr. Bradley were gone through, and the money taken, secured from them Mrs. Bradley's pocketbook was found but as she had been shopping yesterday, little money was secured from it. The first knowledge of the robbery came when Dr. Bradley got up to put on his trousers this morning and found them near the window, relieved of all his money.

When Dr. Bradley went out this morning to drive to the city, he found tobacco in his buggy. He also found a pen knife, and cigarette stumps. He used an extra buggy yesterday and thinks the burglars waited in his other vehicle until he returned from the city before attempting to go through his residence.

Following the burglary at Attorney Duguid's and Dr. Bradley's residences, the residence of Dr. W. H. Pitcher was entered but the burglar was frightened away before he could secure anything.

About 3 o'clock this morning Mrs. Pitcher was awakened and felt chil-

ly. She arose to secure more covering and saw a small negro, of copper color and about five feet five inches tall, on his knees by the bedside going through Dr. Pitcher's trousers. She was not the least excited and commanded him to leave the house. Her words awakened Dr. Pitcher, who got out of bed just in time to see the burglar leaving with the doctor's trousers under his arm.

Dr. Pitcher rushed over to a neighbor's to secure a gun, but was too late to get a shot at the intruder.

This morning Dr. Pitcher secured his trousers which had been hung on a clothes line in the yard of Mr. Potter, who resides back in the woods several blocks from his house. Nothing was taken from them except a pen knife and a nail file, and these were found in the buggy of Dr. Bradley later this morning.

Residents of the West End have been terrorized of late by burglars and Sunday night Mr. Lawrence Dillam and several other residents of the West End received visits. Last night, however, was the first time a good glimpse was secured of the burglar. Mrs. Pitcher and her husband too, had a good look at him and will be able to identify him again if they see him.

Because of the depredations of the burglars in the West End there has been much shooting and some of the residents were awakened early this morning by a regular bombardment, it seems.

The shots were fired, it is supposed, by residents at burglars. And it seems that the burglar or some one else must have used a pistol. Mrs. Charles E. Richardson, of 1643 Broadway, this morning found a window pane broken by a pistol ball.

The ball went through a kitchen glass, making a small hole. The window faces the west, but it is not known when it was broken, as no one heard the shot.

Duck Season About Over.

The wild duck season ends April 1st, remaining closed until August 15th, and to kill ducks after Friday will be a misdemeanor punishable by a fine of \$10 to \$25. This will prevent ducks being killed hereabout in the Ohio river, as Kentucky jurisdiction extends to low water mark on the Illinois shore.

FLAMES SWEEP OVER CRITTENDEN TOWN

Marion Visited by Destructive
Conflagration.

The Loss Is Estimated at \$200,000
With One-third of It Not
Insured.

WIND HELPED THE FLAMES

Marion, Ky., March 29.—Marion, the capital of Crittenden county, and one of the most flourishing towns in the state, is practically isolated from the outside world, and most of the business part of town is destroyed by fire. There is not now a drugstore, bakery, newspaper office, barber shop, saloon or grocery here, and all because of a fire which broke out in a stable in the rear of the Orme drug store about 3:15 o'clock yesterday afternoon.

Aided by a strong wind, the blaze spread rapidly to the business part of town and destroyed before it burned itself out, 29 buildings, entailing a total loss of \$200,000, one third of which was not insured.

Almost every business house in Main street was burned, and the conflagration spread to East Belleville street. There is no organized fire department, but the volunteers did all they could, and fought valiantly and untiringly for five hours.

A stray cigar or cigarette stub is supposed to have been the origin of the fire.

Circuit court today adjourned. Most of the lawyers' offices were burned, and many valuable papers were destroyed. Most of the losers of the fire are unable to outline their plans, because they have had no time to form them. The city is in confusion but fortunately no one is suffering.

The Independent Telephone exchange was burned, cutting off telephone communication, while the Postal telegraph wires were also burned.

The area covered by the fire was about three blocks, and the buildings burned were:

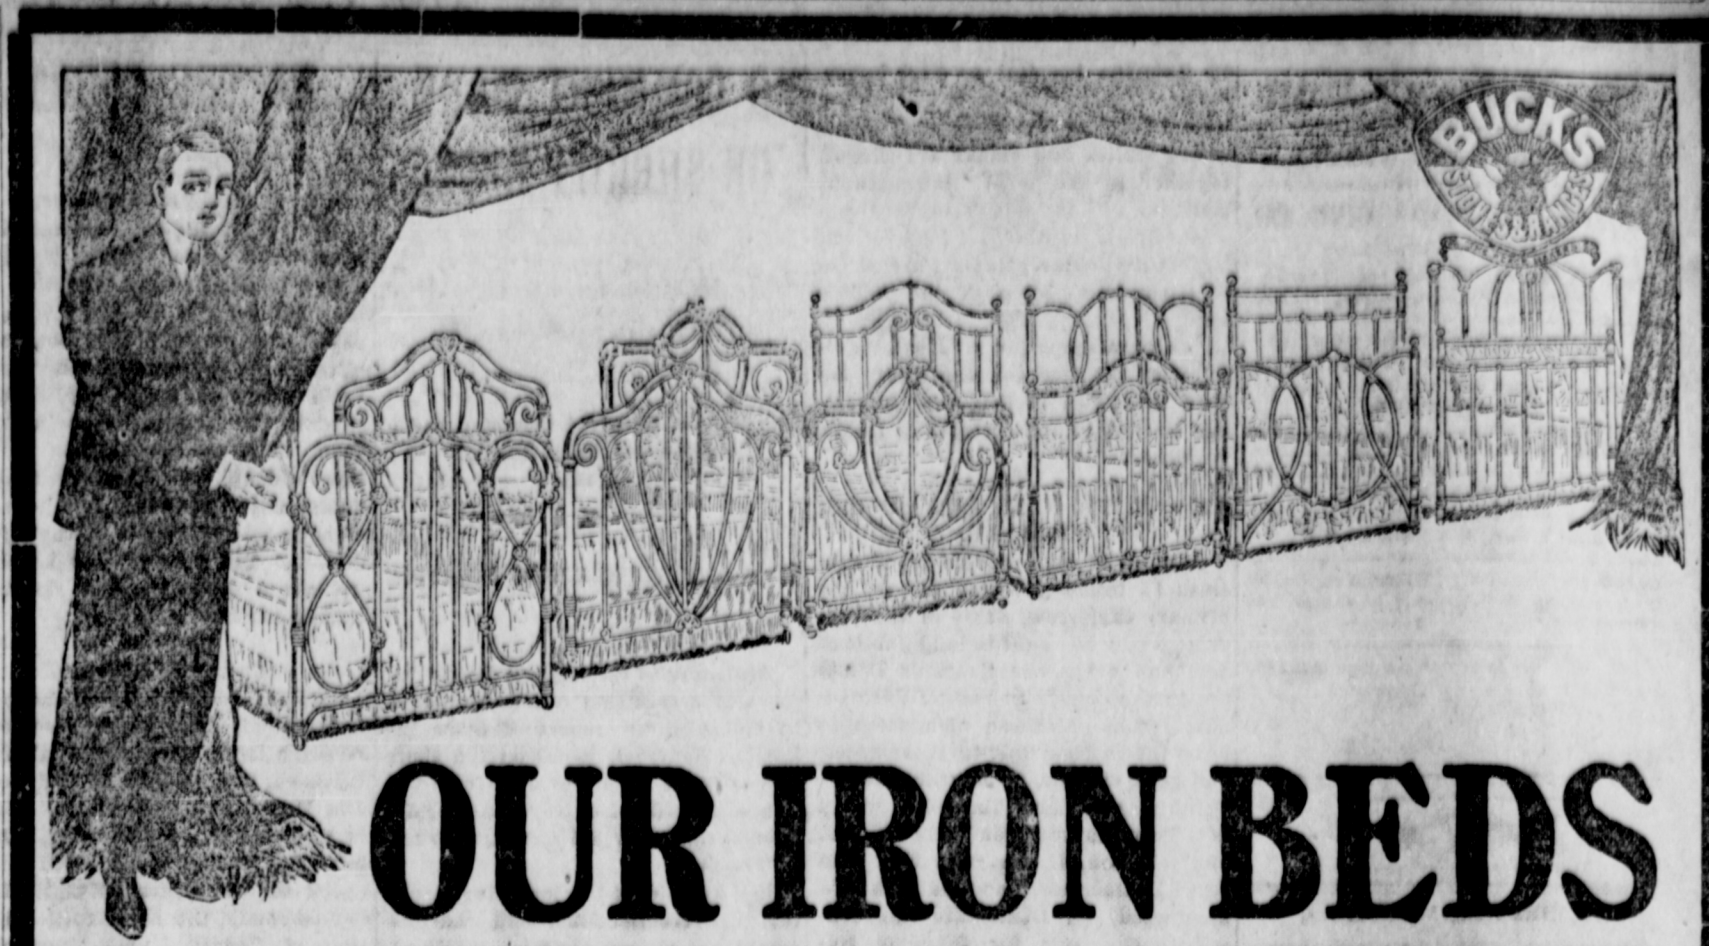

Bank of Marion, the offices of the two newspapers, The Crittenden Press and the Crittenden Record, J. A. Stegar, hotel, used as office; Postal Telegraph uptown office; Ledberry & Mitz, barber shop; A. F. Foster, barber shop; G. P. Stewart, jeweler; C. M. Boyd, grocery and residence; Woods & Orme, drug store; Eberly, Martin & Co., saloon; Morris & Hubbard, groceries; S. W. Dillard, saloon; Hearin & Son, brokers; R. F. Haynes, drugs; Abe Klymer, saloon; C. C. Taylor & Co., bowling; Mrs. Lola Davidson, millinery; New postoffice building, including the fixtures of the several offices on the second floor; Paducah Commission Co.; Adams & Cochran, machine shop; W. J. Carnahan, residence; H. Koltinsky, groceries; W. D. Wallingford, livery stable; Yandell & Gugenheim, shoe store; James & James, law office; Dr. Dixon, Hill Hotel; Williams & Freeman, feed store; Masonic hall and Clifton's store; two story building occupied by Pickens & Calendar and Taylor & Cameron; Lowenthal meat shop; W. H. Copher, bakery; McConnell & Stone, dry goods; Marion Hardware Co.; J. W. Goodall, grocery; Marion bank; law office of A. C. Moore, and Richard Morris, dentist.

MRS. EMMA P. DRAKE.

Pepsin Syrup Company,
Monticello, Ill.

Gentlemen—I wish to express my appreciation of your most valuable remedy, Dr. Caldwell's Syrup Pepsin, as I suffered for years with constipation and tried all of the different pills on the market; but a club friend recommended your remedy, which I hesitated at first to take, as I had begun to believe there was no cure for constipation, but I am happy to say that after taking three of the large bottles I am entirely cured, and I heartily indorse Dr. Caldwell's Syrup Pepsin to people who are affected as I was.

Very truly yours,

THE PUBLIC HEALTH.

A valiant effort is being made down the river in behalf of "Greater Cairo," and the people are taking a great deal of interest in the move to build up the city, which is very similar to the move recently put on foot in Paducah by the Commercial club, to build up Paducah.

It appears from the Cairo papers that the mistake is being made there of thinking that all there is to improving a city, is building up its business. Public health there, as in Paducah, seems wholly overlooked.

A citizen of Cairo calls attention to this oversight, and in order that no such mistake may be made in Paducah when the Commercial club gets its work well under way, what the Cairo man says is here reproduced, for it may apply as well here as there and his advice may do as much good here as there.

He says:
"Much has been said and written of late with reference to a 'Greater Cairo,' a something most devoutly to be wished, and of interest directly to every citizen and inhabitant of Cairo, and indirectly to the country at large.

"A few days ago there appeared in your interesting paper, a list of committees appointed by the Commercial club, an organization formed for the purpose of pushing the 'Greater Cairo' movement. These committees covered almost the entire range of modern municipal activities, with one very remarkable and important omission, to wit: 'The Public Health.' Business and trade seem to be the only incentive to a 'Greater Cairo'—health and morals are not even considered. This is a short-sighted policy, for, history invariably teaches us that, without health, and morals, no city or country has ever become great.

"If there is one department of municipal government which is receiving today more attention than another in all civilized communities, it is that of public health, and in the present movement for a 'Greater Cairo' it should have a prominent and important place.

"As far as I know, there is no well defined sanitary authority in Cairo. No mortality statistics are ever published. The regulations requiring the reporting of all cases of contagious diseases do not exist, or are more honored in the breach than in the observance. The conditions of the so-called

ed isolation hospital or pest house, beggars description. It is in truth, a 'pest house' in the mediaeval sense, where whites and blacks are thrown together in the most promiscuous manner, without adequate care and attention. If anything, I believe that in this particular point we are worse off than the people of the middle ages.

"Can you hope for a 'Greater Cairo' with the city five centuries behind the times in this very important matter? 'Public Health is Public Wealth.'"

DEMOCRATS, KEEP OUT OF THE PRIMARY.

A piece of good advice for Democrats to follow is—stay out of the primary tomorrow. Some of the candidates may be unfit to hold public office, and every conscientious Democrat in the county knows it. Unfortunately some of these men seem to have the inside track in these races, and good citizens, no matter whether Democrats or something else, would not desire to vote for them in the final election. If the good men who seek Democratic nominations are nominated, all Democrats can conscientiously vote for them in November. If the bad ones are nominated, no honest citizen will be proud of the fact that he took part in the primary, or will want to vote for such men in the November election. Stay out of the primary and if good men are nominated Democrats can support them in November; if bad men are nominated, Democrats who want good men in office will then be free to vote for independent candidates or nominees of other parties and help put them there. Democratic citizens who want to see honest, competent officials in office in McCracken county will run no risk by not voting in tomorrow's primary. All good Democrats know the state of affairs in McCracken county official circles. Do they want a repetition?

WILL WEAR THE GRAY.

When President Roosevelt comes to town he will be met by Confederate veterans arrayed in the uniform of the dark and bloody days, says the Louisville Herald.

No greater compliment can be paid the president on this visit to Louisville than for these brave old soldiers to wear the insignia of the cause they fought for. This one act will stand out in history as one of the few times in which the chief executive of the nation has been welcomed to southern ground by southern men clad in southern gray.

The time is ripe, too, for just such an exemplification of the manhood of the south. The day has gone by for a quarrel on the merits of courteous acts of kindness on the part of men who fought for what they believed to be the right.

The president is the president of the whole people, and not president of a section. He is demonstrating this day by day, and no fair-minded man can take exception to his attitude toward the whole people.

In grasping the hand of a southern veteran he will see in this graceful act of the one-time Confederate the best evidence of the truth of the statement that this is one people, with one flag and one purpose.

Members of the board of works state that it is probable the reconstruction of North Fifth street will be deferred a year. It begins to look as if the reconstruction of all the streets will go over a year at the rate the city is doing things, or rather is not doing them. If the general council had decided months ago which streets to pave, and thus enabled the city engineer to get his part of the work done, the contractors could be working on Third street by this time. As it is, it will be weeks and possibly longer before a clod is turned.

NO COMMENT MADE ON SHERIFF REPORT

State Machine Said to Have Had a Knife up Sleeve.

The Report Was Not Expected to Be So Severe As It Proved to Be.

MAY AFFECT COUNTY POLITICS

Attorneys of Sheriff Lee Potter today stated that they had no comment to make on the report of State Inspector Henry B. Hines on the sheriff's office. It is very evident from the line of talk dealt out by the sheriff's friends that they did not expect such a "knock."

They knew that the inspector would report overcollections, and that he would not charge anything criminal, but the condition of the sheriff's office, as described by the inspector, "conducted in such a manner as would indicate that persons in charge of said office are either dishonest or wholly incompetent and grossly ignorant of the law governing the collection of taxes"—seems to have been a painful surprise.

Some of the sheriff's friends now claim that the state administration has been against him and in with the other crowd all the time, and that there was a political motive behind the way the inspector described the conditions in the sheriff's office. They also declare that but for the effect it might have on "the party" in McCracken county, they would have laid it on heavier than they did, but they were afraid to overdo it.

It is more than probable that the whole business will ultimately result in a disruption of the county democracy, at least in event of the nomination of certain Democrats, to the extent of bringing out a few independent candidates for county offices.

It is understood that an effort will be made next week to have the grand jury take up the sheriff case. One county official said yesterday: "While nothing criminal is charged by the state inspector, that's no sign the grand jury will not take up the matter and possibly think differently."

This indicates that an effort will be made to have the sheriff indicted. In fact there does not appear to be the slightest doubt but that the facts will be placed before the grand jury as soon as possible.

Can Replace Papers.

Attorney C. C. Grassham, who was at Marion yesterday during the fire, was able to be at his office this afternoon but was feeling very sore. "I will tell you, we worked hard yesterday saving property and I lost several sets of valuable papers, part of which I think can be duplicated," he said. "I worked hard assisting in saving property and this morning was so sore that I could hardly walk about. As soon as I get to feeling better, I will set about to secure duplicates of those papers I lost. I think there is but one paper, a mineral lease, which I did not have recorded."

Tobacco News.

Today about 65 hogheads of tobacco were offered on the local market, but sales were not over at press time.

Messrs. H. G. Dunnington, of Farmersville, Va., and E. R. Tandy, of Clarksville, are at the Palmer house. They represent the Italian government tobacco contractors.

Deaths.

Austin Howell and others to M. D. Weatherford, for \$200, property in the county.

Mary Looney and others to Mrs. Phoebe Rglesberger, for \$300, property in the Pool addition to the city.

—Mrs. J. A. Walker, of Tupelo, Miss., is the guest of Mr. and Mrs. L. L. Bebout of West Monroe street.

Mr. W. S. Irwin, of Kuttawa, is in the city.

It's hard on shoes to "look for work" in the old way—but it is harder still on Courage. Reading the want ads, usually makes "much running around" unnecessary.

IN THE COURTS

Wants His Daughter.

Dr. F. W. Roberts, a veterinary who recently sued Dr. H. T. Hessig and wife for damage, claiming that they had enticed away his wife, has asked the police authorities to assist him in getting possession of his little daughter whom he wants to send to the Baptist Home in Louisville. The mother refuses to give the child up, and the police told the doctor that they could not help him as such things are out of their jurisdiction. Dr. Roberts said he would get out a writ of habeas corpus in circuit court.

Caught in Glasgow.

Captain Joe Woods, of the police department, last night received a message from Marshal McCullom, of Kuttawa, stating that he had caught Jim Butler at Glasgow, Ky. Butler is a plasterer or carpenter wanted here for passing an alleged forged check on the Sherrill-Russell Lumber company, the name forged being that of County Judge Crumbaugh, of Lyon county. Butler got over \$100 cash on the check, it is said. The warrant was sent to Glasgow today, and he will be brought here at once.

To Be Tried in May.

The following libel claims filed against the steamers Lotus and City of Idaho, two small boats recently brought here from Evansville, will be tried the first Monday in May: Those against the Lotus are Frank Tardy, of Evansville, \$177.06; Green River Coal Co., Evansville, \$351.92; John Archibald Coal Co., Evansville, \$30.70; P. Holz, machinery company, of Evansville, \$83.99, and Bedford & Nugent, Evansville, \$302.50. Those against the Idaho: Green River Coal Co., \$218.55; Louisville and Evansville Packet Co., \$318. The boats are engaged in the mussel shell trade.

Criminal Court Monday.

The regular April criminal term of McCracken circuit court will begin Monday. The grand jury will be sworn in Monday and the petit jury on Tuesday and beginning with Tuesday the court will go into the regular trial of cases.

The docket this term is not very large, being composed of 81 cases which are chiefly gaming, false swearing, forfeitures, robbery and obtaining money by false pretenses. There are a few cases of forgery and malicious cutting, striking and shooting.

It is probable that Judge Reed will get through with this court quickly, the docket being comparatively small.

Involuntary Bankruptcy.

Deputy U. S. Marshal George Saunders this morning served papers in involuntary bankruptcy on the Paducah Wagon Works Co., which a few days ago assigned to Attorney George Oliver.

The creditors who brought the petition to force the company into bankruptcy are the Fulton-Conway Co., and several other creditors who have suits pending in circuit court here against the firm. The petition was filed in Louisville and the papers arrived this morning. The case is set for trial at Louisville on the 6th of April.

Police Court.

Frank Kenner, colored, charged with a breach of the peace, was recognized in police court today, and his case was continued until Lovell Smith, a tie carrier who swore out the warrant, can be secured. Smith left the city and can not be located and Judge Sanders stated he intended having him here.

Other cases were: Si Armstrong, colored, breach of peace, \$5 and costs; John Kerney, white, drunk, \$3 and costs; Mattie Moore and Hattie Johnson, breach of peace, continued; Ham Friday, petty larceny, dismissed and John Bragg, obtaining property by false pretenses, continued.

SCHOOL SPORTS

HIGH SCHOOL PUPILS TO HAVE A TENNIS COURT.

Baseball Team Is Arranging Games With Cairo and Other Towns.

Pupils at the High school have organized tennis clubs and will attempt to arrange a tennis tournament here with Cairo or other cities which cure to come here.

Two double tennis courts, which will permit the playing of sixteen persons, will be arranged in the rear of the High school building and the pupils permitted to play before 8:10 in the morning and after school in the afternoon, the teachers not allowing it during any recess of noon hour.

The girls especially desire to meet the Cairo tennis team and will write once inviting the Cairo girls to come here for a game. Teams will be organized among the male pupils also and tennis bids fair to become the popular sport with the pupils from now on.

The managers of the High school baseball team have secured an agreement for a game with Cairo. The Cairo High school boys agree to come to Paducah on the 8th of next month and want a return date two weeks from the 8th. It is likely the Paducah team will accept. This will be the first game of the season played by the local High school team.

The High school ball team also desires a date with Metropolis before the Cairo game, but no answer has been received from the challenge. Mayfield has also been written but no answer received.

SIR THOMAS LIPTON

Wants to Try Again for the America Cup.

Chicago, March 29.—Alexander H. Revell of Chicago, received a letter from Sir Thomas Lipton, written on board Sir Thomas' yacht in the Indian ocean. Among other things the writer says he is determined to have one more try for America's cup. The only difficulty in the way was to find a designer, but he will give the matter attention as soon as he returns from Ceylon. He ended his letter by saying he would be very much disappointed if he cannot arrange for another contest next year.

SYSTEMIC CATARRH SO LITTLE UNDERSTOOD

Claims Many Thousands. A Tragedian's Thanks to Pe-ru-na.

ROBERT DOWNING, THE FAMOUS TRAGEDIAN.

In speaking of Peruna, Robert Downing, the famous tragedian, says:

"I find Peruna a preventative against all sudden summer ills that swoop upon one in changing climates and water. It is the finest traveling companion and safeguard against malarial influences. You may notice that persons in poor health always find the heat most intolerable; this I avoid by using Peruna. I know by the thermometer that the weather is hot, yet I have felt the heat less this summer than ever.

"The cooling action of Peruna on the mucous membrane makes it invaluable to actors and singers, as it does away with that tendency to sudden hoarseness so apt to overtake one on emerging from a hot dressing room to a draughty stage.

"To sum it up, Peruna has done me more good than any tonic I have ever taken."—Robert Downing.

Dr. Hartman was the first physician in the United States to accurately describe systemic catarrh. His remedy Peruna, the only systemic catarrh remedy yet devised, is now known all over the civilized world. A person having used it once can never be persuaded to be without it when in need of such a remedy.

Write for a copy of Dr. Hartman's latest book entitled "Summer Catarrh." Address Dr. Hartman, Columbus, O.

People and Pleasant Events

Pleasant Reception.

The Paducah Commandery Knights Templar held a reception last evening from 9:30 to 11 o'clock in the handsome lodge rooms of the Fraternity building, immediately following the inspection, drill and degree work, made by Inspector Johnson, of Paris, who found the commandery in admirable form.

The reception was a most delightful affair and many guests were present. The Sir Knights were assisted in receiving by the ladies of the Eastern Star, and others. An attractive musical program was rendered, and refreshments were served.

Among the out-of-town visitors present were: Mr. John Landrum, of Mayfield; Messrs. Wood Irwin and W. A. Sexton, of Kuttawa; John C. Kennedy, of Nashville; Milton H. Price, of Memphis; Isaac McSwain, C. A. Dwinell and J. H. Eaker, of Paris; W. F. Foster, of Nashville; John B. Garnett, of Nashville; Mayor W. D. Helton, of Murray, and several others.

Evening Card Party.

Mrs. Wilmoth Rook and Miss Jessie Rook, of Clark street, will entertain at cards Thursday evening, instead of in the afternoon. The party is complimentary to Mr. and Mrs. T. F. Barton, of Chicago, and Miss Della Sisson, of Edgewood, Ill. Mrs. A. R. Sykes, of Jackson, Tenn., who was also an honoree, and the guest of Miss Rook, has been called home by the death of a relative.

Surprise Party.

Mr. Roby Reynolds of Second and Adams street, was given a pleasant surprise party last evening by a number of his friends in honor of his sixteenth birthday. The evening was enjoyably spent with various games, and delightful refreshments were served.

Those present were Misses Gertrude Voight, Nellie Voight, Katie Maynard, Ruby Reynolds, Elsie Elam, Sallie Threlkeld, Emmie Roser, Mamie Heath, Mabel Effenheimer; Messrs. Roby Reynolds, Roscoe Wise, Carl Knowles, Victor Knowles, Raymond Cashon.

Organ Recital This Afternoon.

The second of Mr. Harry Gilbert's organ recitals will take place at the First Christian church this afternoon from 5 to 6 o'clock. Mrs. W. C. Scofield will sing.

Columbia Club.

Miss Katie Schmidt is entertaining the Columbia club this afternoon at her home on the Mayfield road.

Mrs. Geo. C. Parker, formerly Miss Martha Green, arrived from Mobile, Ala., last night, to be at the bedside of her husband, who was painfully injured at the peanut factory Monday afternoon. Mr. Parker is resting as well as could be expected, but will be confined to his room for some time.

Rev. E. R. Overby, of Fredonia, Ky., has been in this county for several days, mixing among his old friends. He is a very prominent Presbyterian minister and is an old Graves county boy.—Mayfield Messenger.

Mr. Pat Donegan, of Paris, Tenn., has returned home after a brief visit to his family on North Eighth.

Mr. Harry C. Rhodes and son have returned from Evansville where the former was called by the serious illness of his aged father who is still very ill.

E. Brown has left for Dillon, S. C., as general agent for the Jones & Adams' Carnival Co.

Mr. M. D. Holton, of Murray, was at the Palmer today.

Mr. V. J. Blow, the stave man formerly of Paducah, but now of Louisville, is here on business.

Mrs. Robert Ireland Reed will leave Saturday for Nashville to join her husband who left several weeks ago to make his residence there permanently.

Mr. J. Mc Cumsky, special agent for the Tennessee division of the I. C., is in the city today.

Officer Zack Albritton, of Mayfield, is in Paducah today on business.

Mr. A. L. Lassiter is ill and confined to his home.

Is Much Worse.

Little Miss Neva Riley, the daughter of Mr. M. L. Riley, the photographer, who is seriously ill of pneumonia at St. Louis, is reported much worse, having contracted pneumonia in both lungs.

OUR BUSINESS MEN ARE WORKING HARD

Mr. E. P. Noble Makes a Suggestion at Today's Meeting.

100 Men to Subscribe \$100 a Year Each For New Industries For Paducah.

NAME IMMIGRATION COMMITTEE

President of the board of public works, Mr. E. P. Noble, advanced an idea at a meeting of business men today that appealed to them forcibly and which was agreed would be a good thing to put in operation. It is to organize an association of one hundred men who will agree to subscribe \$100 each to four legitimate enterprises a year that may be induced to locate in Paducah by the Commercial club or other efforts. When a proposition is made the organization, experts are to be sent to investigate it thoroughly and if they report on it favorably the association will subscribe for as much stock as deemed advisable.

The idea is an excellent one, as in this way Paducah stands ready with \$40,000 a year for investments in enterprises that will benefit the town. heretofore, it has been the case that a few men went into all enterprises that came to the city, but in this way a hundred will be interested and should any losses occur they would be light on all concerned.

A committee will take up the matter in a few days and the organization of the association effected.

A meeting of some bankers and business men was held this morning at the office of Mr. George C. Wallace to consider a proposition from a Kalamazoo buggy company which is desirous of establishing a branch plant in the south, and Mr. Tom C. Leech and Mr. W. P. Hummel were designated a committee to go to Kalamazoo to have a conference with the company. They will leave Saturday.

The proposition is to establish a \$50,000 company, and for local people to retain a controlling interest.

There is no doubt of Paducah being a good location for a buggy factory, and from the efforts being made by Mr. Leech and his associates it probably will not be long before we have one.

The publication in the Sun several days ago of the intention of the Commercial club to bring immigrants to Paducah and McCracken county to settle, was no idle speculation. Last night the Commercial club appointed Mr. W. F. Bradshaw, Sr., a committee to at once open correspondence and take other necessary steps to bring settlers here by the car load, trainload, boat load or any other way in which we can legitimately get them.

Mr. Bradshaw will go to work at once, and it is likely he will be able to make a report on the outlook in a short time.

A GOOD DEAL OF NONSENSE

About "Blood Purifiers" and "Tonics."

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from a wholesome food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease, or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stomachs lack, and, unless the deficiency of pepsin and diastase is supplied, it is useless to attempt to cure stomach trouble by the use of "tonics," "pills" and "cathartics" which have absolutely no digestive power, and their only effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 2,000 grains of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation of food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well, prevention is better than cure, and Stuart's Dyspepsia Tablets, do both; they prevent indigestion and they remove it where it exists. The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.

STAR STEAM LAUNDRY

BIGGEST BATTLE IN
COUNTY'S HISTORY

All is in Readiness for Democratic Primary Tomorrow.

Many Campaign Canards as Well as Facts Are Bruited About Today.

A FEW SURPRISES ARE IN STORE

The agony will be over this time tomorrow—the ballots will have told their own story in one of the most disgraceful and bitterly fought democratic primary elections ever held in McCracken county. Everybody is ready for the end, particularly the good people of the community.

The polls open tomorrow at 6 o'clock a. m., and close at 4 p. m. The indications are for a light vote, as hundreds of democrats over the county are alleged to have signified their intention to take no part in the primary and remain free to vote as they please in November.

The usual number of late campaign fakes are going the rounds, and with few exceptions the candidates are each claiming the earth. There are talks of combines and withdrawals, but no one has withdrawn, and those who know about the combines will tell nothing about them.

It is very probable that there are surprises in store for many on this combination business. It is reported that the state machine has taken a hand in the primary and has a slate that it wants elected. All the candidates deny being on the slate.

The combinations talked of are where one candidate, for the promise of a deputyship or some other consideration, secretly instructs his friends to vote for a certain opponent. There is said to be one of these combinations in the sheriff's race.

The recent scandals in county official circles have not, apparently, affected any of the races to any serious extent. Among those tipped as winners by some of the democratic politicians who have made the rounds of the county are some of those deepest in the scandal-mire.

But it will take the official vote to determine the result. There may be nominations wholly unthought of, as the number who remain away from the polls will have a great deal to do with it.

The various candidates for county officers and the voting precincts with those who will serve as election officers, are:

County Judge—Joseph E. Potter, Richard T. Lightfoot and W. N. Bryan.

County Clerk—A. Elmo Stegar, Hiram Smedley, Gus G. Singleton, Charles R. Hall, A. Marvin Ragsdale, Wm. C. Clark, John D. Craig and John T. Hughes.

RIVER NEWS

Hi Beedle will go to Paducah today to bring out the steamer Chester, which has been undergoing repairs there. The boat will arrive here Thursday and depart Saturday in her regular trade between this city, Cape Girardeau and Commerce.

Kilgore & Co. have received word that their boat, the Lulu Warren, struck a snag in Duck river Sunday and sank in shallow water, but has been raised little the worse for the experience. She is towing staves.

It is expected that she will be running again by this evening.

The gauge today is 25.8 a rise of one foot, weather cloudy with threatening rain.

Capt. Jack McCaffrey has arrived at Davenport, Ia., with his boat, the Kit Carson.

The Pavonia, Margaret and I. N. Hook have gone to the Cumberland river for ties.

The Hoxie left yesterday for Louisville with a tow of empties.

The City of Memphis leaves St. Louis this afternoon, and is due here Friday.

The Reese Lee passed down from Cincinnati to Memphis yesterday afternoon.

The City of Savannah is due out of Tennessee river Friday, en route to St. Louis.

The Joe Fowler is the Evansville packet today and will arrive late this afternoon.

The Charleston left last evening for Tennessee river with a good trip.

The Tennessee leaves this afternoon late for Tennessee river, and the Kentucky gets in from the Tennessee tomorrow and departs again Saturday.

The Buttorff arrived today from Clarksville and left for Nashville.

The Dick Fowler left at 8 a. m. for Cairo.

Capt. Dana Scott, the insurance underwriters' agent, arrived this morning with diver Charles Booker, of Louisville, from the wreck of the Key City, sunk day before yesterday near Metropolis.

They found it impossible to raise the steamer at present owing to the rising river. They expect to get her up, however, when the river goes down.

The Lulu Warren will arrive tomorrow from Duck river.

The Inverness is due from Cumberland river.

The Katherine Davis is here from Cincinnati with a dredge and barge for the Upper Shoals, 300 miles up Tennessee river, for the government dam being built there.

OLD JAIL LOCK.

Col. Dale Has First Ever Used in McCracken County.

Col. Bud Dale of the New Richmond hotel has on exhibition in the lobby of his hostelry, a rusty old lock said to be the first jail lock in McCracken county.

Col. Dale says he remembers the log jail at Wilmington, one-half a mile from Maxon Mills, and when it was torn down in 1883, he burned the shingles, hauling the logs from the jail to his home several miles distant.

Col. Dale says the records of the county were brought here in a skiff during a high water years ago when the transfer of county seats was made.

The lock was found by Messrs. Charles and Chester Vance, who claim it is the original lock. The owners permitted Col. Dale to put it on exhibition.

Funeral Tomorrow.

The funeral of the late Mr. Adam Weikert, Jr., who died of pneumonia yesterday, will take place tomorrow afternoon at 2 o'clock from the St. Francis de Sales church, burial at Mt. Carmel. Members of the Brewery Workers' union will act as pallbearers.

A CASE OF IT.

Many More Like It in Paducah.
The following case is but one of many similar occurring daily in Paducah. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

J. A. Houser of 1421 South Ninth street, carpenter, says: "I have been subject to kidney complaint all my life; not constantly or seriously, but every now and then—sometimes without warning—I had attacks some of which laid me up. I noticed that the contraction of a cold always affected my kidneys and when in this condition, in addition to backache, there was trouble with the kidney secretions. Like I had tried more than one preparation I got Doan's Kidney Pills at DuBois, Kolb & Co's, drugstore and took a course of the treatment. The last attack disappeared. So pleased was I with the result that I gave Doan's Kidney Pills to a child of mine annoyed with weak kidneys. The results obtained stamp Doan's Kidney Pills as being up to representations."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

KENTUCKIAN WON

MARVIN HART, OF LOUISVILLE, WINS OVER JACK JOHNSON.

Put Up a Game Scrap, But Is Not Ready to Go Into Jefferies' Class Yet.

San Francisco, Cal., March 29.—Marvin Hart was awarded the decision over Jack Johnson in a twenty-round contest last night that went the limit; but he was far from demonstrating that he is qualified to meet Jefferies.

Hart was as badly punished a man as has been seen in the ring in a long time, but he was game and kept boring into the big colored man all through the fight.

While Johnson was able to hit Hart frequently, his blows did not seem to damage the white man from Kentucky to the extent of putting him out of the game.

CHRONIC CATARRH CURED.

Miraculous Recoveries Due to New Austrian Drug.

New York, March 29.—Following quickly upon the evidence received from physicians and asthmatics in every state declaring ascatco a true specific for asthma, comes the many testimonials from patients cured of chronic catarrh. Very obstinate cases have yielded to 500 drops.

What specially recommends ascatco is the palatableness and smallness of the dose, which is but seven drops twice daily. Requests for the drug continue to pour in upon the Austrian dispensary, 6 East 14th street, New York City, which is commissioned to supply ascatco free by mail to all who write for it.

Coming to Paducah.

The K. M. K. C. of Cairo has made arrangements with the commander of the big excursion steamer Island Queen, which is now on the ways at Mound City, being overhauled and repainted to run an excursion from Cairo to Paducah and return on Sunday, April 9.

The remains of Mrs. Cordie Mitchell, of North 14th street, who died Monday, were shipped to Cadiz this morning for interment. The funeral will be held at a small church near Cadiz.

The Wings of the Morning

By LOUIS TRACY
Copyright, 1903, by Edward J. Clode

Already the dark fluid emitted by his assailant in his final discomfiture was passing away owing to the slight movement of the tide.

"Now that you have brought me here with so much difficulty, what are you going to do?" she said. "It will be madness for you to attempt to ford that passage again. Where there is one of those horrible things there are others, I suppose."

"That is one reason why I brought the crowbars," he explained. "If you will sit down for a little while I will have everything properly fixed."

He delved with one of the bars until it lodged in a crevice of the coral. Then a few powerful blows with the back of the ax wedged it firmly enough to bear any ordinary strain. The rope ends reeved through the pulley on the tree were lying where they fell from the girl's hand at the close of the struggle. He deftly knotted them to the rigid bar, and a few rapid turns of a piece of wreckage passed between the two lines strung them into a tautness that could not be attained by any amount of pulling.

Iris watched the operation in silence. The sailor always looked at his best when hard at work. The half smile, wholly self contained expression, left his face, which lit up with enthusiasm and concentrated intelligence. That which he essayed he did with all his might.

He, toiling with steady persistence, felt not the inward spur which sought relief in speech, but Iris was compelled to say something.

"I suppose," she commented with an air of much wisdom, "you are contriving an overhead railway for the safe transit of yourself and the goods?"

"Yes," she said.

"Why are you so doubtful about it?" "Because I personally intended to walk across. The ropes will serve to convey the packages."

She rose imperiously. "I absolutely forbid you to enter the water again. Such a suggestion on your part is quite shameful. You are taking a grave risk for no very great gain that I can see, and if anything happens to you I shall be left all alone in this awful place."

She could think of no better argument. Her only resource was a woman's expedient—a plea for protection against threatening tides.

The sailor seemed to be puzzled how best to act.

"Miss Deane," he said, "there is no such serious danger as you imagine. Last time the cuttle caught me napping. He will not do so again. Those rifles I must have. If it will serve to reassure you, I will go along the line myself."

Without another word he commenced operations. There was plenty of rope, and the plan he adopted was simplicity itself. When each package was securely fastened he attached it to a loop that passed over the line stretched from the tree to the crowbar. To this loop he tied the lightest rope he could find and threw the other end to Iris. By pulling slightly she was able to land at her feet even the cumbersome rifle chest, for the traveling angle was so acute that the heavier the article the more readily it sought the lower level.

They toiled in silence until Jenks could lay hands on nothing more of value. Then, observing due care, he quickly passed the channel. For an instant the girl gazed apprehensively at the sea until the sailor stood at her side again.

The tide had turned. In a few minutes the reef would be partly submerged. To carry the case of rifles to the mainland was a manifest impossibility feat, so Jenks now did that which, done earlier would have saved him some labor. He broke open the chest and found that the weapons were apparently in excellent order.

He snapped the locks and squinted down the barrels of half a dozen to test them. These he laid on one side. Then he rapidly constructed a small raft from loose timbers, binding them roughly with the ropes and, to this argey he fastened the box of tea, the barrels of flour, the broken saloon chair and other small articles which might be of use. He avoided any difficulty in launching the raft by building it close to the water's edge. When all was ready he raised the tide floated it for him. He secured it to his longest rope and gave it a vigorous push off into the lagoon. Then he slung four rifles across his shoulders, asked Iris to carry the remaining two in like manner and began to maneuver the raft landward.

"While you land the goods I will prepare dinner," announced the girl.

"Please be careful not to slip on the rocks," he said. "I am concerned about the rifles. If you fell you might damage them, and the incoming tide will do hopelessly rust those I leave behind that they will be useless."

"I will preserve them at any cost, though with six in our possession there is a margin for accidents. However, to reassure you, I will go back quickly."

Before he could protest she started off at a run, jumping lightly from rock to rock. Disregarding his shouts, she per-

severed until she stood safely on the sands. Then, snuily waving a farewell, she set off toward the cave.

Had she seen the look of fierce despair that settled down upon Jenks' face as he turned to his task of guiding the raft ashore she might have wondered what it meant. In any case she would certainly have behaved differently.

By the time the sailor had safely landed his cargo Iris had cooked their midday meal. She achieved a fresh culinary triumph. The eggs were fried!

"I am seriously thinking of trying to boil a ham," she stated gravely. "Have you any idea how long it takes to cook one properly?"

"A quarter of an hour for each pound."

"Admirable! But we can measure neither hours nor pounds."

"I think we can do both. I will construct a balance of some kind. Then, with a ham slung to one end and a rifle and some cartridges to the other, I will tell you the weight of the ham to an ounce. To ascertain the time I have already determined to fashion a sundial. I remember the requisite divisions with reasonable accuracy, and a little observation will enable us to correct any mistakes."

"You are really very clever, Mr. Jenks," said Iris, with childlike candor. "Have you spent several years of your life in preparing for residence on a desert island?"

"Something of the sort. I have led a queer kind of existence, full of useless purposes. Fate has driven me into a corner where my odds and ends of knowledge are actually valuable. Such accidents make men millionaires."

"Useless purposes?" she repeated. "I can hardly credit that. One uses such a phrase to describe fussy people, alive with foolish activity. Your worst enemy would not place you in such a category."

"My worst enemy made the phrase effective at any rate, Miss Deane."

"You mean that he ruined your career?"

"Well—er—yes. I suppose that describes the position with fair accuracy."

"Was he a very great scoundrel?"

"He was and is."

Jenks spoke with quiet bitterness. The girl's words had evoked a sudden flood of recollection. For the moment he did not notice how he had been trapped into speaking of himself, nor did he see the quiet content on Iris' face when she elicited the information that his chief foe was a man. A certain tremulous hesitancy in her manner when she next spoke might have warned him, but his hungry soul caught only the warm sympathy of her words, which fell like rain on parched soil.

"You are tired," she said. "Won't you smoke for a little while and talk to me?"

He produced his pipe and tobacco. "That is a first rate pipe," she declared. "My father always said that a straight stem, with the bowl at a right angle, was the correct shape. You evidently agree with him."

"Absolutely."

"You will like my father when you meet him. He is the very best man alive, I am sure."

"You two are great friends, then?"

"That is a first rate pipe," she declared. "My father always said that a straight stem, with the bowl at a right angle, was the correct shape. You evidently agree with him."

"What! Is that quite accurate?"

"Oh, quite. Of course, Mr. Jenks, I can never forget how much I owe to you. I like you immensely, too, although you are so—so gruff to me at times. But—but—you see, my father and I have always been together. I have neither brother nor sister, not even a cousin. My dear mother died from some horrid fever when I was quite a little girl. My father is everything to me."

"Dear child!" he murmured, apparently uttering his thoughts aloud rather than addressing her directly. "So you find me gruff, eh?"

"A regular bear when you lecture me. But that is only occasionally. You can be very nice when you like, when you forget your past troubles. And pray, why do you call me a child?"

"Have I done so?"

"Not a moment ago. How old are you, Mr. Jenks? I am twenty—twenty last December."

"And I," he said, "will be twenty-eight in August."

"Good gracious!" she gasped. "I am very sorry, but I really thought you were forty at least."

"I look it, no doubt. Let me be equally candid and admit that you, too, show your age markedly."

She smiled nervously. "What a lot of trouble you must have had to—to give you those little wrinkles in the corners of your mouth and eyes," she said.

"Wrinkles! How terrible!"

"I don't know. I think they rather suit you. Besides, it was stupid of me to imagine you were so old. I suppose exposure to the sun creates wrinkles, and you must have lived much in the open air."

"Early rising and late going to bed are bad for the complexion," he declared solemnly.

"I often wonder how army officers manage to exist," she said. "They never seem to get enough sleep, in the east at any rate."

"So you assume I have been in the army?"

"I am quite sure of it."

"May I ask why?"

"Your manner, your voice, your quiet air of authority, the very way you walk, all betray you."

"Then," he said sadly, "I will not attempt to deny the fact. I held a commission in the Indian staff corps for nine years. It was a hobby of mine, Miss Deane, to make myself acquainted with the best means of victualing my men and keeping them in good health under all sorts of fanciful conditions and in every kind of climate, especially under circumstances when ordinary stores were not available."

With that object in view I read up every possible country in which my regiment might be engaged, learned the local names of common articles of food and ascertained particularly what provision nature made to sustain life. The study interested me. Once, during the Sudan campaign, it was really useful and procured me promotion."

"Tell me about it."

"During some operations in the desert it was necessary for my troop to follow up a small party of rebels mounted on camels, which, as you probably know, can go without water much longer than horses. We were almost within striking distance when our horses completely gave out, but I luckily noticed indications which showed that there was water beneath a portion of the plain much below the general level."

Half an hour's spade work proved that I was right. We took up the pursuit again and ran the quarry to earth, and I got my captaincy."

"Was there no fight?"

He paused an appreciable time before replying. Then he evidently made up his mind to perform some disagreeable task. The watching girl could see the change in his face, the sharp transition from eager interest to angry resentment.

"Yes," he went on at last, "there was a fight. It was a rather stiff affair, because a troop of British cavalry which should have supported me had turned back owing to the want of water already mentioned. But that did not save the officer in charge of the Twenty-fourth lancers from being severely reprimanded."

"The Twenty-fourth lancers?" cried Iris. "Lord Ventnor's regiment?"

"Lord Ventnor was the officer in question."

Her face crimsoned. "Then you know him?" she said.

"I do."

"Is he your enemy?"

"And that is why you were so agitated that last day on the Sirdar, when poor Lady Tozer asked me if I were engaged to him?"

"Yes."

"How could it affect you? You did not even know my name then?"

"It affected me because the sudden mention of his name recalled my own disgrace. I quitted the army six months ago, Miss Deane, under very painful circumstances. A general court martial found me guilty of conduct unbecoming an officer and a gentleman. I was not even given a chance to resign. I was cashiered."

Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Alay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I take them when I feel the spell coming on and it stops it at once."

HIGH OFFICIALS

HOLD CONFERENCE AT THE LOCAL I. C. HEADQUARTERS.

General Supt. McCourt and Others Were Present—Traffic Was Discussed.

There was a meeting of railroad officials in the office of Trainmaster L. E. McCabe this morning, and several high division officials were present.

Last night at 12.55 the special coach of Mr. McCourt, general superintendent of southern lines of the I. C. arrived with Mr. McCourt, T. E. Hill, roadmaster of the Tennessee division, and Geo. M. Hubbard, supervisor of bridges on the Tennessee division on board. The car was side-tracked at Eleventh and Broadway and this morning Supt. A. G. Egan Roadmaster F. L. Thompson and Supt. Henry Scheuing, of the Louisville and Evansville districts, arrived.

A short consultation was held by the officials this morning and affairs of the divisions were discussed. The officials are turning attention to the traffic this spring, the business always increasing in the spring.

Mr. McCourt had been east with J. T. Harahan, second vice-president, and left the party at Louisville. He and other officials of the Tennessee division will return home this afternoon.

Cured Consumption.
Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Sold by DuBois, Kolb & Co., Paducah, Ky.

NO NEW TRIAL

SHERIFF HOLLAND MUST LOOK TO COURT OF APPEALS.

Judge Brown Returns Home—Sheriff Holland Was Committed to Jail.

The motion for a new trial in the W. W. Holland case at Benton was overruled by Special Judge Eli Brown, and Calloway's sheriff will now have to look to the court of appeals to save him from the pen.

The motion for a new trial was filed yesterday, as stated in the Sun, and Judge Brown was prompt in rendering his decision overruling it.

An appeal was asked and granted and the papers will be filed as soon as possible.

Judge Brown arrived in Paducah last night and left this morning for his home in Owensboro. Most of the attorneys have also returned to their respective homes.

Sheriff Holland, being under sentence, was committed to jail to await the decision of the court of appeals. No bail is allowed in such instances.

SPOTTY WING.

Makes His Escape From the Eddyville Penitentiary.

The police department has received news that Spotty Wing, the safe-blower doing time at the Eddyville penitentiary for cracking Johnson Brothers' safe at Lola, Livingston county, a few years ago, and given sixteen years, has escaped. All the information given the officers was that he scaled the prison walls and got away, probably having outside assistance. He is a notorious criminal, and as there is a reward for him and all police departments have his Berillon measurements, he will have a hard time remaining free long.

Fox Was Only Foxy.
Charles B. Fox, a telegraph operator, who was on a little lonesome last Saturday, asked Y. M. C. A. Secretary Godfrey for a quarter to buy whiskey to keep off delirium tremens. He was refused and wrote a note to his wife in Hot Springs, Ark., asking her to pray for him if he died, and asked Godfrey to send it, but the secretary knew it was a bluff and declined. The wife saw the write-ups of the affair in the Sunday papers and telegraphed last night to both the police and the Y. M. C. A. to give her husband attention, but an investigation by Detective Moore showed that Fox had been given transportation to St. Louis by friends and was only a little drunk when he went to the Y. M. C. A. His wife feared he would attempt suicide.

KENTUCKY NEWS TOLD IN PARAGRAPHS

Referee in Bankruptcy.

Louisville, Ky., March 29.—Judge Walter Evans, of the federal court, has appointed Robert C. Kinkead referee in bankruptcy, for this district to succeed John B. Baskin, resigned. Mr. Kinkead is a staunch Republican, was attorney for Judge Evans in his congressional contest and has defended Caleb Powers in every trial.

Emancipation Day.

Louisville, Ky., March 29.—Recognizing the fact that a specific day for celebrating the anniversary of their liberty should be fixed, negroes of the Fifth district of Kentucky have fixed December 18 as "Emancipation Day." The convention recommended other districts and states to reach similar decisions.

A committee was appointed to fix upon the same date.

Dr. McFall's Funeral.

Mayfield, Ky., March 29.—The funeral of the late Dr. A. C. McFall, who was killed by a fall from a window yesterday, was held this afternoon at 2 o'clock, under the auspices of the Confederate Veterans.

Well Known Man Ill.

London, Ky., March 29.—The Hon. James G. Yadon, the Repub-

lican nominee for representative in this district, composed of the counties of Laurel and Rockcastle, is seriously ill.

Widow's Home Destroyed.

Hopkinsville, Ky., March 29.—The dwelling house of Mrs. Julia Sims, three miles from this city, was burned, with all its contents. The fire leaves Mrs. Sims and her children in a destitute condition, as there was no insurance. Her husband died not long ago.

Barn Burned.

Mayfield, Ky., March 29.—Clarence Pile, of near Fancy Farm, lost a large stock barn by fire. The building contained about \$20,000 pounds of hay, 350 barrels of corn and farming implements. Loss over \$600 with \$150 insurance.

Shops Running Again.

The I. C. shops were in operation this morning after having remained idle yesterday afternoon because of the breaking of machinery. The break in the wire rope drive was repaired late yesterday afternoon and the machinery started this morning on time.

\$100,000 BUILDING ON THE SCHOOL SITE

If the Eastern Capitalists Succeed in Buying it.

Believed the Deal Will Be Made—No Arrangements Yet Made for City Sanitary Officers.

OTHER MUNICIPAL MATTERS

The committee of the board of education that met Messrs. Charles K. Wheeler and Will P. Hummel night before last, relative to giving an option on the school building at Fifth and Kentucky avenue, did not grant the option for \$22,500 because they had no authority to issue an option for less than \$25,000.

It is not unlikely that the option will be granted these two gentlemen when the entire school board meets next Tuesday night. It is understood that they represent prominent New York capitalists, one of whom expects to arrive in the city within the next week if the option is secured.

This site is desired for the erection of an eight story, steel, modern office building to cost \$100,000, and the capitalists want only the real estate and are willing for the school board to retain the material contained in the building, which could be sold for considerable money.

One reason it is believed that the option will be granted for \$22,500 or possibly for \$20,000, is that the difference in what the board wants and what the capitalists are willing to pay, is so small comparatively, that the board would soon make it up in increased revenue by reason of the taxes yielded on a \$100,000 building and site. A building such as that would yield the city in one year, fixing its valuation for assessment purposes at \$75,000, with a \$1.50 tax rate, \$1125 in taxes, and the schools' share of this would be \$252.50.

At the present tax rate of \$1.85 it would give the city and schools a great deal more in taxes. The offer is the best ever made for the building.

Mayor D. A. Yeiser stated this morning that he did not know when the joint boards would appoint sanitary officers, but would probably do so shortly. Spring is here and the city is pretty dirty and the services of the sanitary inspectors will be badly needed. It is probable that some interested in the health of the city will urge the appointment right away and the matter may be acted on next week if possible. Usually the inspectors go to work April 1, but they will not do it this year.

Dr. W. H. Pitcher, secretary of the school board, has directed the census enumerators to begin work Monday and to be diligent in their efforts to get all school children.

The per capita this year is \$2.90 for the city schools and every school child missed means a loss of this much to the school fund for the city. The enumerators have been assigned as follows: R. McGuire, first and second wards; J. M. Hart, third and fourth wards, and Frank Dunn, fifth and sixth.

Inspector G. W. Gano, of the Kentucky and Tennessee board of underwriters has not arrived yet to complete his inspections, and local insurance men have failed to locate him.

Inspector Gano was here several weeks ago to complete his work of inspecting wiring, but was called away. He intended returning in ten days but it has been a month and

still he remains absent.

He has a great deal of work to do in Paducah and seemed anxious to finish it. Commissioner C. C. Rose stated this morning that he had not heard from him except through the office at Louisville and nothing relative to what he would do here and when he would arrive has been given out.

Mayor Yeiser stated today that he was holding the resignation of Councilman Louis P. Dilk but would not appoint a successor before the next meeting of the council which will be Monday because Mr. Dilk may reconsider. Mr. Dilk has been urged to remain, but has refused to reconsider because his business interests will not permit him serving. Mayor Yeiser stated that he had several good men in view but had not decided on any one.

GOVERNMENT BONDS

Owe their desirability as an investment to the fact that they are regarded absolutely safe. They yield a low rate of interest. There are two classes of investors. The first class are people who seek safety first and income afterward; and the second are people who seek income first and safety afterward.

It can be set down as a rule that investments do not usually combine absolute safety with a high rate of interest. That is due to the fact that investments which are absolutely safe do not have to have any other inducements in order to be sold than the fact that they are safe. That class of investments is sought by people who desire safety first.

On the other hand, investments which are not regarded absolutely safe yield a high rate of interest. They must have a sufficiently high rate of interest to make it worth while for the speculator to risk his money on them. That class of investments is sought by people who prefer income to safety.

This bank pays 4 per cent. compound interest on money deposited with it for a year and 2 per cent. for money which remains on deposit for six months. Money deposited with this bank is subject to the order of the depositor at all times. That is a feature which no other investment has. When the safety of depositing money with us is considered, 3 per cent. compound interest is a good rate of interest to receive on the investment.

EXAMINING TRIAL SET FOR MONDAY

(Continued from Page One.)

ed. She told the detective that she had never at any time heard him say anything to her mother about marrying, or killing her sisters.

The daughter is now in the Home of the Friendless and will be kept there until after the trial, when she will be taken into a private family.

The Prisoners Together.

Yesterday afternoon for the first time since arrested Mrs. Brockwell and Albritton were brought face to face by Detectives Moore and Baker.

Mrs. Brockwell accused Albritton of making the proposition of marriage if she would kill three of the children, and Albritton just as stoutly denied it.

Outside of this, the prisoners have had little to say to one another, and do not seem to want to talk to one another. They did not care to say anything when they rode to and from the jail this morning. Neither seemed conscious of the other's presence, although they were within a few feet of one another. The man kept to one end of the patrol wagon and the woman sat as near the other as she was permitted to get.

Time for Funeral Changed.

It was yesterday afternoon decided to hold the funeral of the little Brockwell children at 10 o'clock this morning, but the plans were afterwards changed and it has been decided to hold it Sunday at the Broadway Methodist church, Rev. T. J. Newell officiating.

The preservation of the bodies has been somewhat difficult. When they were taken by Mr. Guy Nance the undertaker, they were almost black from the morphia poisoning, but he embalmed them despite the fact that their stomachs were gone. The bodies now look as natural as life.

Last evening the embalming fluid was removed and a fresh supply injected, to insure the preservation of the bodies until Sunday. The bodies are no longer on exhibition.

County Physician Pendley has returned from Louisville and expects a wire tomorrow from the doctor there who analyzed the stomachs giving the result of his investigation.

Mother May Go to Funeral.

Jailor Fayette Jones this afternoon stated that he would personally conduct Mrs. Brockwell to the funeral of her little ones, if she cared to go. Mrs. Brockwell yesterday asked that she be permitted to see her little ones buried, but has not yet asked Jailor Jones.

Analysis to Be Completed.

Dr. J. W. Pendley, who took the stomachs of the little Brockwell children to the expert analytical chemists at Louisville for an analysis, has returned and stated he directed the experts to go ahead with the stomachs and make a report so that the commonwealth could be prepared in event the woman retracted her confession and fought the case.

The cost of the analysis will be \$100 and will be paid by the county. Dr. Pendley being county physician and having been directed to go ahead with the matter by County Attorney Eugene Graves, who realized the necessity at that time of an analysis in settling the true cause of death.

Game Postponed.

Today's baseball game between Paducah and Toledo, was postponed on account of the weather until tomorrow.
